Tell people the good things you notice
while they can still smile about them.

Tell the funny one
they make life brighter.

Tell the steady one
they make people feel safe.

Tell the quiet one
their presence matters.

Tell the older one
their stories are still welcome.

Tell the child
their questions are beautiful.

We save too many kind words for later,
as if love has unlimited time to speak.

A simple compliment can become
a little lamp someone carries for years.
