Soul Seeds for a Joyful Retirement

Many questions surface: How will I spend this time of my life? What will get me up in the morning with joy and passion? What will give me hope as I look to the future? Where will I use the gifts and talents that shaped my working life, and what new gifts and talents will I explore?

In retirement, we can paint on a new canvas, exploring holy adventures of creativity, service, and fun.

Right here is heaven. This moment holds enlightenment. Behold, this is a day of new beginnings, a day of wonder and beauty, love and challenge, healing and transforming.

Even dead ends can lead to alternative pathways. God is always presenting us with possibilities, even after mistakes. Our mistakes may be the open doors to unexpected encounters and greater understanding of ourselves and others.

Artist of the Universe, awaken me to abundant possibilities. Let my imagination and agency break down self-imposed barriers, so my life brings joy to myself and to the world.
